**Health Outcomes**
- Mortality

---

Principles of Interventions

- Engaging & Collaborative
- Promote Equity, Reduce Disparities
- Age Appropriate, Culturally Relevant
- Evidence-Based, Contributes to Expertise
- Evaluated & Monitored
- Clearly Stated, Easy to Understand, Practical
- Data-Driven & Sustainable
- Integrate with & Strengthen Existing Programs

---

Community & Clinical Linkages

- Chronic disease self-management programs
- Wellness referral center
- Engage clinics to connect to community
- Support economic development

---

Our Priorities

- **Healthy Eating**
  - Innovative access models
  - La Cosecha CSA
  - MoGro mobile market
  - Farmers markets statewide

- **Active Living**
  - Galloping Grace Youth Ranch
  - Prescription for walking
  - Trail mapping through Prescription Trails and others
  - Cuba Walking Trails Program
  - Walking groups

- **Prevention of Unhealthy Substance Use**
  - Tobacco cessation school programs
  - Enforce tobacco regulations
  - Service-learning projects
  - Prioritize prevention programs
  - Youth Leadership
    - San Felipe Pueblo
    - Galloping Grace Youth Ranch
    - The Bermuda Grass Project
    - The Male Involvement Project
