## Impact

Purdue Students working with IHI hope to make an impact. Our goal as leaders is to offer them as many opportunities as possible to do that. Some of those opportunities are listed below.

### Health Justice Committee:

Help combat the opioid epidemic through volunteering and participation in BoilerWorx

### Healthcare and Chill:

Discuss issues facing the Healthcare industry in a safe and fun environment weekly while watching a healthcare related TV series

### Community Relations Committee:

Learn more about QI through initiatives such as IHI Purdue's yearly flu vaccine clinic or IHI Purdue's work with Heritage Healthcare's scheduling systems

### Opening Minds through Art:

Partner up with an elder who is experiencing dementia to connect while making wonderful abstract works of art
